Empowering The World

CHONGWEI GLOBAL (SHANGHAI) TECHNOLOGY CO., LTD

Chongwei Global Technology

Guangdong Chongwei Technology Co., Ltd. is dedicated to the production of EV chargers, charging guns, and automobile molds. Since 2015, our focus has been on pioneering research and development in the field of EV chargers. As a comprehensive enterprise, we specialize in the design, production, and distribution of cutting-edge solutions for automotive charging and charging gun technologies.

Nestled within our 20,000 square meter facility, we boast an annual production capacity of 1.2 million sets of EV chargers. Looking ahead, our ambitious vision includes scaling up to achieve an annual output of 2 million sets of EV chargers. Positioned as a trailblazing charging station manufacturer in the Pearl River Delta region, we take pride in our continuous pursuit of excellence.

With over 60 patents to our name and a distinguished track record that includes accolades such as being recognized as a high-tech enterprise and engineering center, we uphold rigorous standards. Our certifications, including ISO9001, TUV, CE, CB, RCC, and ETL, underscore our commitment to quality and innovation.

At Guangdong Chongwei Technology Co., Ltd., we offer a comprehensive suite of services encompassing industrial design, product research and development, mold creation and manufacturing, injection molding, SMT assembly, product integration, as well as robust OEM and ODM support. Our unwavering dedication lies in seamlessly integrating charging infrastructure with power automation, big data, 5G technology, and beyond, to provide a holistic solution for the charging needs of new energy vehicles.
